Other sizes and capacities available.

Walkramps

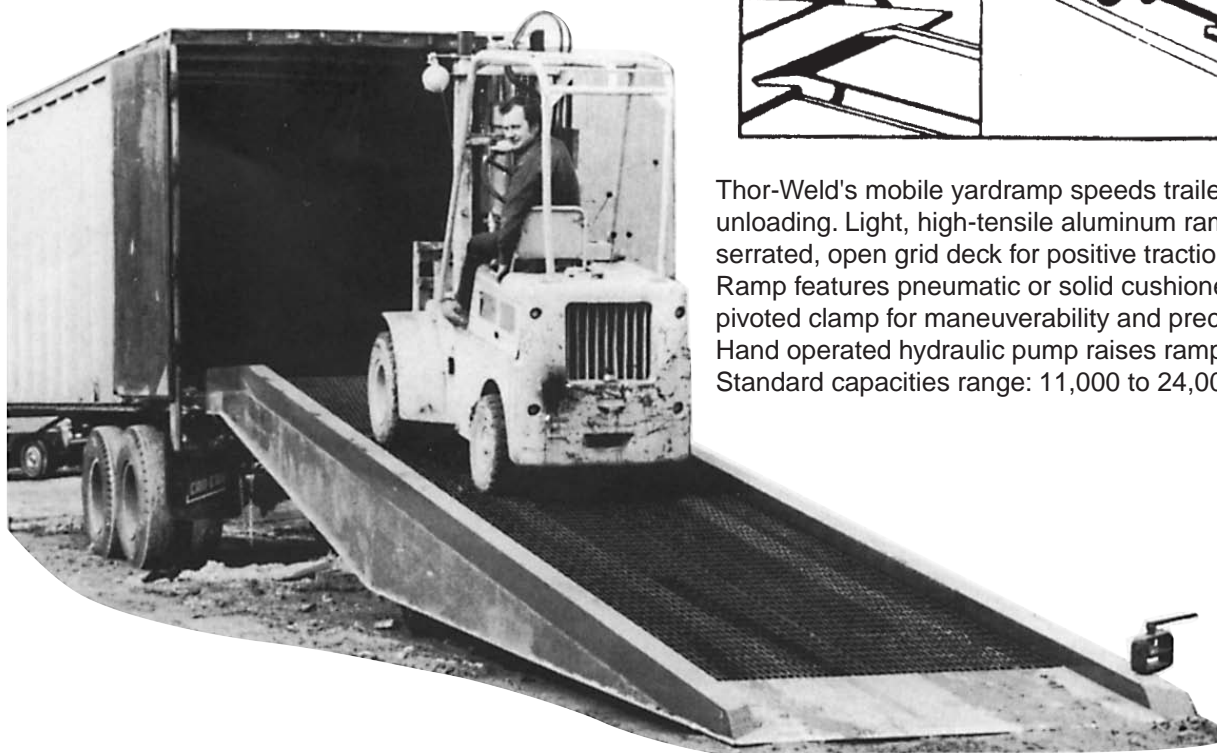

Lightweight, portable aluminum walkramps for faster, easier loading and unloading.

Many applications:

- Roll your 2-wheel handtruck with load into back of pickup truck.
- Carry boxes and cartons
- Move furniture
- Safety treadplate aluminum surface provides positive non-skid traction.

Aluminum Mobile Yard Ramps

Thor-Weld's mobile yardramp speeds trailer and railcar unloading. Light, high-tensile aluminum ramp frame has a serrated, open grid deck for positive traction in all weather. Ramp features pneumatic or solid cushioned tires and pivoted clamp for maneuverability and precise positioning. Hand operated hydraulic pump raises ramp top 38 - 61". Standard capacities range: 11,000 to 24,000 lbs.
