

PARTS CLEANING EQUIPMENT

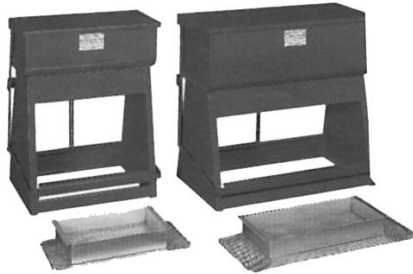

BENCHTOP TANKS

Manually operated safety dip and wash tanks allow safe and easy small parts washing. Tanks are equipped with fusible link lids that slam shut in the event of a fire. 7 and 11 gallon models can be used as dip tanks (without parts basket) or as wash tanks (with baskets) either tank can be supported by model TS2 Stand.

Model No.	Description	Cap. Gal.	I.D. Dimensions L x W x D	Wt. Lbs.
L7	Dip Tank/Fusible Link	7	13" x 13" x 13"	15
L11	Dip Tank/Fusible Link	11	15" x 15" x 15"	18
B7	Drain Basket for Dip Tank (L7)	-	12" x 12" x 4"	5
B11	Drain Basket for Dip Tank (L11)	-	13" x 12" x 4"	6
TS2	Tank Stand for Dip and Wash Tanks	-	26"H x 18" x 16"	23

Floor Model Rinse Tanks

Self closing covers avoid fire/explosion hazards of exposed flammable liquids. Cover opens by foot pressure, closes automatically on release. Available in 8 and 20 gallon capacities. 18 gauge enamel finished steel has coating on inside of tank to prevent corrosion. 3/4" drain plug makes cleaning and emptying a snap.

Model No.	Description	Cap. Gal.	I.D. Dimensions L" x W" x D"	Wt. Lbs.
R8	Self Closing Rinse Tank	8	25 x 13 x 9	47
R20	Self Closing Rinse Tank	20	34 x 15 x 12	61
R24	Self Closing Rinse Tank	24	49 x 33 x 21	103
R36	Self Closing Rinse Tank	36	73 x 33 x 21	120
B8	Parts Basket for Rinse Tank (R8)	-	18 x 10 x 3	6
B20	Parts Basket for Rinse Tank (R20)	-	22 x 10 x 3	6
B24	Parts Basket for Rinse Tank (R24)	-	16 x 10 1/2 x 5	8

X8	Sediment Screen for Rinse Tank (R8)	-	23 x 11 x 1/2	2
X20	Sediment Screen for Rinse Tank (R20)	-	32 x 13 x 1/2	4
X24	Sediment Screen for Rinse Tank (R24)	-	47 x 14 3/4 x 3/4	4
X36	Sediment Screen for Rinse Tank (R36)	-	70 x 14 3/4 x 3/4	8

5-GALLON RECIRCULATING PARTS WASHERS

- Thermally protected 110 V motor with on/off switch
- Safety lever has fusible ink
- 3.5-gallon solvent capacity
- Durable pump included

Model No. BV742

20-GALLON RECIRCULATING PARTS WASHERS

- Thermally protected 110 V motor with on/off switch
- Safety lever has fusible ink
- 12-gallon solvent capacity
- Durable pump included

Model No. BV743

40-GALLON RECIRCULATING PARTS WASHERS

- Thermally protected 110 V motor with on/off switch
- Safety lever has fusible ink
- 30-gallon solvent capacity
- Durable pump included

Model No. BV744

EAGLE SAFETY PLUNGER CANS

- Ideal for cleaning with flammable or volatile fluids
- Feature brass flame arrester dasher screens and pump assemblies and comply with OSHA standards
- Available in galvanized steel and high density polyethylene for more aggressive solvents
- Dispenses a small amount of liquid to easily moisten sponges or rags without messy or dangerous spills

Plunger Cans

Capacity	Dimensions	Metal	Weight	Dimensions	Poly	Weight
1 quart	6 1/4" x 8"	P-701	2.34 Lbs.	5 1/4" x 9 3/4"	P-711	2.00 Lbs.
2 quarts	8" x 8 1/2"	P-702	3.00 Lbs.	6 1/2" x 11"	P-712	3.00 Lbs.
4 quarts	8" x 10 3/4"	P-704	3.67 Lbs.	7 3/4" x 13"	P-714	4.00 Lbs.

All are FM approved and feature a 5 1/4" wide Dasher
