

rousseau MODULAR DRAWER SYSTEMS

The rousseau Modular Drawer

With a new design and improved performance, the Rousseau Modular Drawer is the best in its category. It permits faster inventory and ensures greater efficiency. In fact, it is the base of a storage system which offers top performance with a minimum investment.

The full-length handle is designed to provide a good solid grip, even when you open a drawer carrying 400 pounds. Installed at the top of the drawer, it is easier to reach, especially with bottom drawers. The full length handle serves to clearly identify contents since it matches the inside width of the drawer exactly. An optional non-reflective plastic cover ensures better visibility and protects the label.

Choose the colour of the handle end caps to suit your working environment and enhance your drawers and cabinets. Whether your work space is dark or bright, you can choose from colour combinations appropriate for industrial, commercial or institutional work places.

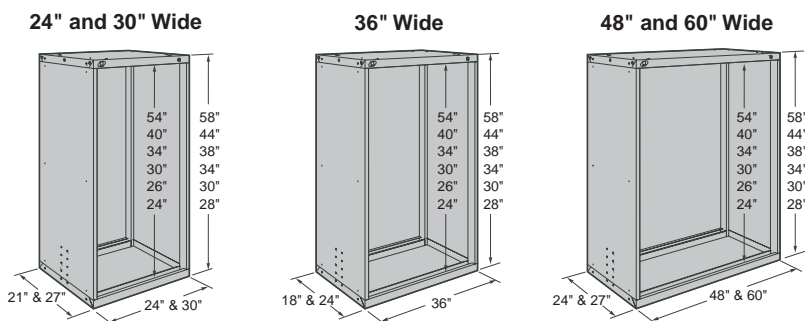

A wide selection of drawer depths and partitioning configuration allows users to design their units to accommodate a variety of inventory.

This feature increases efficiency in inventory management and keeps items in a clean, organized environment. Optional on all units is a locking system.

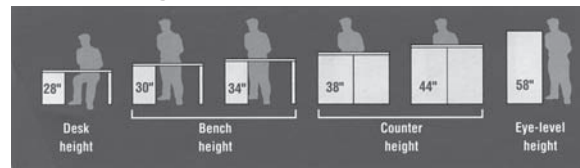

rousseau MODULAR DRAWER SYSTEMS

You can have your own custom-made cabinet, using the Rousseau options, which will meet all your needs.

A. Steel cabinet top with a rubber mat

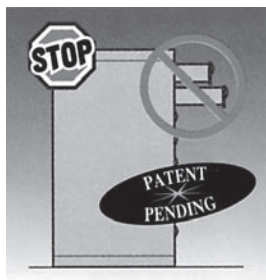

B. Laminated cabinet wood top

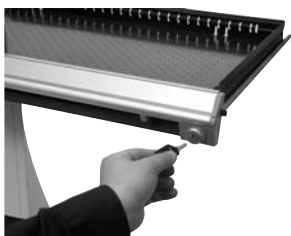

C. Doors

D. One-drawer-at-a-time locking mechanism

E. Individual drawer lock

A&B Use your cabinet as a workbench or work surface. Tops protect cabinet surface. Steel tops with rubber mats, laminated wood tops and composition core tops are available.

C. Especially for cabinets with fixed or roll-out shelves. Doors protect against dust, theft and damage. Includes a locking mechanism. Please specify required type of keying* when ordering.

D. Prevents simultaneous opening of drawers to provide more stability to cabinet. Available on all models.

E. Provides added protection for limited access to all drawers.

F. Move entire contents in a single step. Includes a handle, rigid or swivel casters (with brakes).

G. Prevents accidental opening or closing of drawers in mobile units, vehicles or carousels. Factory installed on every drawer. Installation on site is also possible*

*With minor modifications to the drawer.

H. Allows ganglocking drawers in cabinets or shelving units. Ensures greater safety in vehicle applications. Can be used with a padlock (not included). Right-hand side application only. Fits most shelving units.

I. Ensures limited access to cabinet contents. Rousseau offers:
Key alike combinations (KA)*
Keys different (KD)*
Master keys (MK)*

F. Mobile cabinet

G. Lock-in / lock-out system

H. Vertical security bar

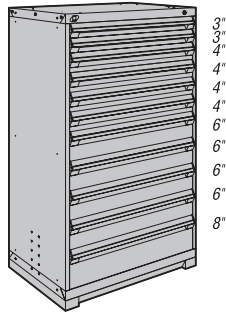

I. Cabinet lock

PARTS CASES - STEEL

Sliding drawer parts cabinets provide a convenient parts storage system with the flexibility of removable drawers, and a large assortment of drawer configurations. Drawers are housed in a 'sliding' drawer cabinet, and may be mounted on a raised base. Small (13 1/4" x 9 1/4" x 2") and large (18" x 12" x 3") drawers are available.

Model No: 4LR
Drawer Cabinet
(drawers sold separately).

Model No: DL24-C
Drawer.

SLIDING DRAWER CABINETS

These cabinets feature sliding drawer carriages that extend 100% of the drawers depth for easy access to parts. Cabinets are available for both the small and large drawer sizes. Drawers are sold separately.

Model No.	For Drawer:	Drawer Capacity	Wt. Lbs.
2LR	Large	2	20
4LR	Large	4	34
4SR	Small	4	22
6SR	Small	6	32

STEEL "SCOOP" DRAWERS

These fixed compartment drawers allow you to store and remove your small parts easily. Choose from between 8 and 32 compartment fixed drawers in either the small (13 1/4" x 9 1/4" x 2") or large (18" x 12" x 3") drawer size. Manufactured of prime cold rolled steel and finished in rust and acid resistant baked enamel, drawers have inserts of high impact plastic. These inserts have rounded scoops, making it easy to remove small parts. All models have covers designed to stay open for easy access, making it simple to read the cover labels. Durham Storage Drawers also have handles and a catch. See Chart below for Models.

CABINET BASES

Cabinet bases raise your cabinet/drawer combination 12" off of the floor or work bench for easier access to drawers. Models are available to adapt to both small and large drawer size cabinets.

Model No.	For Drawer:	Wt. Lbs.
BLR-S	Large	13
BSR-S	Small	12

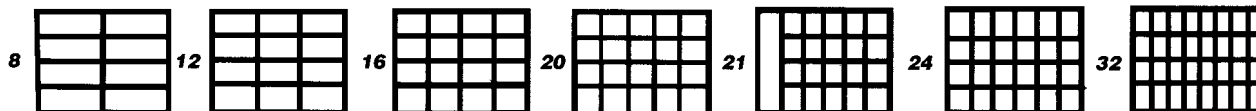

ADJUSTABLE DRAWERS

Adjustable drawers provide the added flexibility of arranging your drawers according to your changing needs. Removable dividers can be "slotted" into place, or removed altogether.

JUMBO DRAWER CABINETS

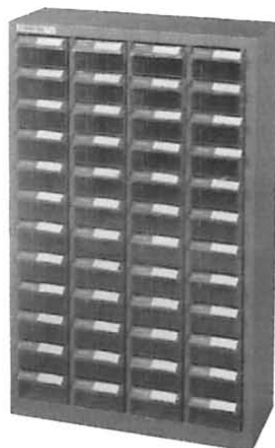

**OVER
3 feet high**

Practical, Efficient and Economical

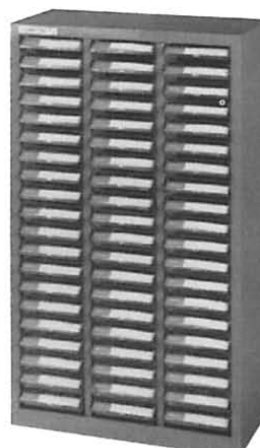

The KLETON drawer cabinets combine all three characteristics to provide the best value available in an industrial grade parts storage system. Four different Jumbo-sized transparent plastic drawers allow you to store larger tools or materials close at hand. Drawers are housed in an all welded steel cabinet measuring over 3 feet high. Each drawer features an I.D. card with a clear plastic shield. Steel tabs prevent drawers from spilling their contents when pulled out. Cabinets are finished in grey enamel. Drawer dividers included.

MODULAR PARTS CABINETS

Modular Parts Cabinets

Organize and control small parts inventory. These cabinets save time and add efficiency to assembly lines, service centers, warehouses, and wherever small parts are used, stored or distributed. Opaque light grey, hi-impact polystyrene plastic drawers are virtually indestructible.

A transparent window on drawer front enables user to see inside, and a molded label holder on drawer pull provides instant identification. Economy models 17-136 and 17-018 feature all transparent styrene drawers. Drawers can be removed as needed but have a molded-in stop tab that prevents accidental spills.

Two removable dividers are furnished with each drawer. Cabinet frames are welded steel which is lightweight yet strong enough to stack on top of one another; mix or match units as needed, no assembly required. Built in nesting feet assure stability. Cabinets have chipproof baked enamel charcoal grey finish.
