

KEY CONTROL SYSTEMS

DOUBLE KEY FILE/SECURITY SYSTEM

- Sturdy, welded steel with piano-hinged door and key panels
- Heavy-duty, 20-gauge steel body and 18-gauge steel door
- Mount cabinet on wall (mounting screws included) or use on table or shelf
- Cabinet includes a disc-tumbler lock with 2 keys
- Includes: red octagon key tags (model OG894) and white oval key tags (model OG895) same amount as key capacity, cross reference key guide, key loan record sheet, key receipt slip, brass key receipt holders and key collection envelopes
- The double key system insures proper security and avoids key loss
- **How it works:** the master key is fastened to the red tag and filed permanently on a labelled hook; duplicate keys are fastened to white tags on the same hook; each key is indexed in three ways: by hook number, alphabetically by what the key opens and numerically
- When a key leaves the system, a receipt tag is filled out and hung with the master key and all loans are recorded in the key loan record sheet
