

Σ Sigma Hand Stretch® Film

SIGMAWORLD WRAP CAST: Premium Grade, High Clarity Film with Less Neck-Down, Quiet WORLD WRAP CAST is a strong, premium grade, cast co-extruded film designed to limit neck-down for better coverage with each wrap. Crystal clear optics and high film gloss allows easy reading of package graphics and shipping documents. With near silent un-wind, loads can be wrapped in quiet areas or near busy phones. An excellent choice for most common A & B loads.

WORLD WRAP CAST, the clear and quiet hand wrapping solution!

SIGMACLASSIC BLOWN: General Purpose, Holds all A, B & C Loads

CLASSIC BLOWN is our best selling, general purpose, hand applied stretch film. This versatile, competitively priced film's unparallel puncture and tear resistance plus great cling make it instantly usable by both experienced and new employees. Its wide range of standard sizes & gauges provides off-the-shelf availability when re-orders are needed. The stretch & toughness of blown film ensures enhanced protection for regular loads and extra protection for hard-to-hold loads.

CLASSIC BLOWN, the simplest solution for all hand wrapped applications!

Stretch Wrap Dispenser

Advantages

- Thick rubber grips for long lasting wearability and comfort.
- The thrust bearing assembly is specifically designed to provide constant tension control. This is the best known bearing configuration for this application.
- Slotted die cast aluminum collar for low friction and fast, easy loading of film rolls.
- Standard wrapper accommodates 12½" to 20" rolls of stretch film.
- 1" long threaded insert in the centre shaft provides enduring wear and tear.
- Die-cast aluminum base, machined and polished.
- Chrome plated.
