<b>Medium Grade</b>																						
<b>AC36</b>	General contractor use, available printed, silver, black	11.0	18.0	60	22	NR																
<b>AC45</b>	Industrial strength, silver, black & red	12.0	18.0	50	25	NR																
<b>AC49</b>	Industrial strength w/metallized backing, silver	11.0	14	48	24	NR																
<b>Premium Grade</b>																						
<b>AC50</b>	Premium performance, HVAC applications, silver, black, white & olive drab	14.0	13	50	48	NR																
<b>AC57</b>	Premium performance, UL Listed, flex duct systems, silver & black	17.0	13	88	MD=40.0 CD=26.6	NR																

## Double Coated Tapes

Intertape® Double Coated Tape features an extremely aggressive tack. Ideal for use in mounting, adhering and bonding applications.

		Thickness (mils)	Elongation (%)	Adhesion (oz/in)	Tensile (lb/in)	Adhesive Type
<b>Double Coated</b>						
<b>591</b>	Heavy-duty, flatback with natural rubber adhesive	12.0 (w/ liner) 7.0 (w/o liner)	3.0	52	34	Solvent NR
<b>592</b>	Crepe paper with natural rubber adhesive	10.4 (w/ liner) 6.0 (w/o liner)	4.0	45	23	Solvent NR
<b>593</b>	PET film with UV resistant acrylic adhesive	8.0 (w/ liner) 4.0 (w/o liner)	125	60	16	Solvent Acrylic

## Specialty Products

Intertape® Specialty Products are designed for unique applications that require a specific product or product characteristic.

		Thickness (mils)	Elongation (%)	Adhesion (oz/in)	Tensile (lb/in)	Adhesive Type
<b>Vinyl Electrical</b>						
<b>619</b>	8 mil PVC, black vinyl, all-weather, flame retardant, UL Listed	8.0	200	16	20	Solvent NR
<b>6180</b>	7 mil, black vinyl, electrical insulating, UL Listed	7.0	200	16	18	Solvent NR
<b>Transfer Tape</b>						
<b>8120</b>	2 mil, self-wound, unsupported, acrylic adhesive	5.0/2.0	–	64	–	Acrylic
