## RESPIRATORY SYSTEMS - MOLDEX 2000 SERIES

**SRS8501-50Q  
NUISANCE DUST MASK**

The molded nose bridge eliminates the need for a metal noseband. Has a naturally contoured shape for comfort. Ribbed construction increased durability. Large filter area allows cool, easy breathing and contains soft non-irritating fibres.  
50 masks/box, 12 boxes/case, 600/case.

**2200 DUST & MIST**

A disposable that can last longer, so you save more. The 2200 doesn't collapse before the filter gets loaded. Holds its shape in heat and humidity. Straps are securely attached - won't break.  
RS2200: 20/box, 12 boxes/case, 240/case

**2300 DUST & MIST**

Exhalation valve for easy breathing - designed to keep you comfortable while you breathe freely. Specially contoured facepiece fits face naturally and comfortably. Unique polymesh shell won't collapse even in heat or humidity.  
RS2300: 10/box, 10 box/case, 100/case

HR310-1001

64NFW: 10" (25 cm) gauntlet  
65NFW: 12" (30 cm) gauntlet  
67NFW: 14" (36 cm) gauntlet  
Palm coated wrinkle finish:  
63PNFW (Rough), 63PNF (Smooth): Palm coated, knit wrist  
66NFW (Rough), 66NF (Smooth): Palm coated, safety cuff  
66NFWM: Med. size, palm coated, safety cuff  
99NFW: (Rough), 99NF (Smooth): Palm coated, gauntlet cuff  
L63PNFW: Ladies palm coated, knit wrist  
L66NFW: Ladies palm coated, safety cuff.

**4) 8 OZ COTTON GLOVES**

With knit wrist for general purpose work. Lightweight and cool.

**5,6) LEATHER PALM KNIT WRIST**

Industry applications: General assembly, metalwork, landscaping and construction etc.  
746: Men's leather palm knit wrist glove  
748: Men's top quality leather palm with leather index finger.

**7) LEATHER PALM SAFETY CUFF**

Industry applications: General assembly, metalwork, landscaping and construction etc.  
710: men's gun cut split palm glove with 2 1/2" safety cuff.

**8,9) NITRIL IMPREGNATED**

Industry applications: Metal fabricating and grinding. Handling abrasives.  
455: Ladies slip on. Sizes: M,L  
455P: Ladies slip on perforated back. Sizes: M,L  
440: Men's slip on. Sizes: M,L  
440P: Men's slip on perforated back. Sizes: M,L

**10) COTTON DOT/VINYL IMPREGNATED**

Industry applications: Assembling small parts, material handling, general plant use and inspecting.  
20D: Men's plastic dot knit wrist  
25D: Ladies plastic dot knit wrist

**11) DISPOSABLE GLOVES**

Industry applications: Food processing, general pharmaceuticals, adhesives, handling electronic components, janitorial work.  
900: True touch style in dispensers of 100 pcs/box. Sizes: S,M,L,XL  
900SC: Surgical latex rubber, 100 pcs/box. Sizes: S,M,L  
899: Poly film 1000 pcs/box. Sizes: S,M,L

**12) RUBBER LATEX**

Industrial applications: Food processing, janitorial work, poultry, canners and research laboratories.  
901R: Med. weight yellow flocked lined. Sizes: S,M,L  
901I: Med. weight blue flocked lined. Sizes: S,M,L,XL  
901J: Med. weight orange flocked lined. Sizes: S,M,L,XL  
901A: Med. weight yellow flocked lined. Rubber latex. Sizes: S,M,L,XL  
902: Canners unlined. Sizes: S,M,L,XL

**SAFETY SPECTACLES**
