Jiffy® Mailers: Small Parcel Solutions

Jiffy Mailer® Products

Packaging Solutions for Small Parcel Shipping for Over 50 Years

Jiffy Mailer® Products have been recognized by shipping professionals as the standard of excellence for quality in protective mailers for over a half century. Produced according to world-class standards, these products represent the most complete line of cushioned, non-cushioned and rigid protective mailers.

With Jiffy Mailer® Products, it's easy to select the optimum packaging solution when shipping low profile items. The chart below can be used to select the right mailer for your application.

Cushioned Mailers

Superior Protection with Optimum Durability and Security

When it comes to shipping fragile items, look no further than our full-line of Jiffy® cushioned mailers. Jiffy® cushioned mailers are engineered to be tough on the outside, while providing protective cushioning on the inside.

Our Jiffylite® and TuffGard® mailer products are made with Bubble Wrap® brand cushioning, another hallmark of Sealed Air's commitment to product protection. All cushioned mailers are available with a self-sealing strip for added convenience.

Jiffy® TuffGard and TuffGard Extreme® Mailers

- Proprietary multi-layer post-industrial recycled content film is puncture, tear and water resistant.
- Made with Bubble Wrap® brand cushioning.
- A seamless bottom and fine-textured surface increases security and appearance.

Jiffy® Padded Mailers

- Heavy-duty construction with uniform inner padding.
- Double-fold/double-glued bottom flap adds edge protection and strength.
- 100% recycled paper fibers, 25% post-consumer.

Jiffylite® Mailers

- Available in Satin Gold and White kraft; ideal for printing.
- Made with Bubble Wrap® brand cushioning.
- 100% recycled paper fibers, 10% post-consumer.

Yesterday's News™ Padded Mailers

- Inner cushion made from recycled newsprint.
- Can be recycled with mixed paper.
- 100% recycled paper fibers, 25% post-consumer.

Non-Cushioned Mailers

Tough, Economical and Highly Efficient for Non-Fragile Items

Why ship bulky, non-fragile items in a corrugated carton with excessive packaging material, when you can quickly and easily ship these items in a Jiffy® non-padded mailer?

Jiffy® non-padded mailers provide a puncture-proof, safe and secure means for shipping durable goods like clothing and textiles, documents and forms, and prescriptions.

Jiffy® ShurTuff® Mailers

- Proprietary multi-layer film is puncture, tear and water resistant.
- Self-seal closure is tamper-resistant.
- Multi-color printing available.
- Perforated strip or tear tape options facilitate opening.
- At least 25% recycled content.

Jiffy® Utility Mailers

- Stiff, double wall kraft guards against tears and punctures.
- Seamless sides and double-glued bottom provide extra security.
- 100% recycled paper fibers, 10% post-consumer.

COST-EFFICIENT ALTERNATIVE TO CORRUGATED CARTONS

Reduce Postage Costs

Lightweight Jiffy Mailer® Products are less expensive to mail than heavier corrugated cartons, especially if void fill materials are used.

Reduce Labor Costs

Require fewer packaging steps and eliminate the need for filler material and carton setup.

Reduce Inventory Requirements

Store flat and do not need extra void fill and cushioning, minimizing material costs and valuable warehouse space.

Increase Customer Satisfaction

Provide superior protection with no waste, no mess or lost items. Their premium appearance enhances corporate image.

Define Your Design

Custom Printing Promotes Your Products While Providing Excellent Protection

Whether you print a logo or trademark, promotional message and/or other custom graphics, our printing capability can provide additional value such as brand recognition, increased sales and customer loyalty and an enhanced perception of quality.

Your Sealed Air representative can assist you with your custom printing requirements. Choose from different mailer colors and surfaces and up to eight PMS and process colors.

SmartLife™ Approach

Our SmartLife™ multifaceted approach is to raise awareness about sustainable packaging and to advance Sealed Air's sustainable mission within the Company's larger business strategy. Sealed Air is committed to helping its stakeholders understand the environmental benefits and impacts of packaging solutions.

Our SmartLife™ approach, in conjunction with Sealed Air's values — lead, trust, respect and integrity — provides the foundation upon which the company's business is conducted.
