

THE **METRIC** Rite-Gauging Program

**We can help you really understand
your stretch wrap machines!**

Can you answer these questions?:

- ◆ Does our stretch wrap equipment work effectively and efficiently?
- ◆ What is our current cost to wrap a load?
- ◆ What pre-stretch percentage do we actually get?
- ◆ What type and gauge of stretch film should we use?
- ◆ How much force to the load is right for our loads?
- ◆ What wrap pattern is right for our loads?

**We offer a FREE consultation and
will provide a Current Condition Report
of your stretch wrapping program**

METRIC will help you:

- ◆ Determine how well your equipment currently works
- ◆ Reduce your stretch wrapping costs
- ◆ Standardize how you wrap your loads
- ◆ Reduce damage during the shipping cycle
- ◆ Improve your customer's satisfaction
- ◆ Set up a preventative maintenance program
